#### Step 4. Setting the Security Question

The page of the setting of Security Question appears. Please register with the following information.

Question: What city were you born in? (Please choose the top of list)

Answer: **fujikura** (Enter with lowercase characters; **Everyone use the same answer\***.)

\* It is the sake of management after migrating to IRM system. Please register with the above information. We will inform you of the change procedure when we permit to change it.

The image displays three sequential screenshots of a web interface for setting a security question, with red callout boxes providing instructions.

**First Screenshot: Select a Security Question**  
The interface shows a dropdown menu with the text "What city were you born in?". A callout box points to the dropdown with the text: "Question: the top of list Chose 'What city were you born in?'". A blue "Next" button is highlighted with a red box, and a callout box points to it with the text: "Click here after choose".

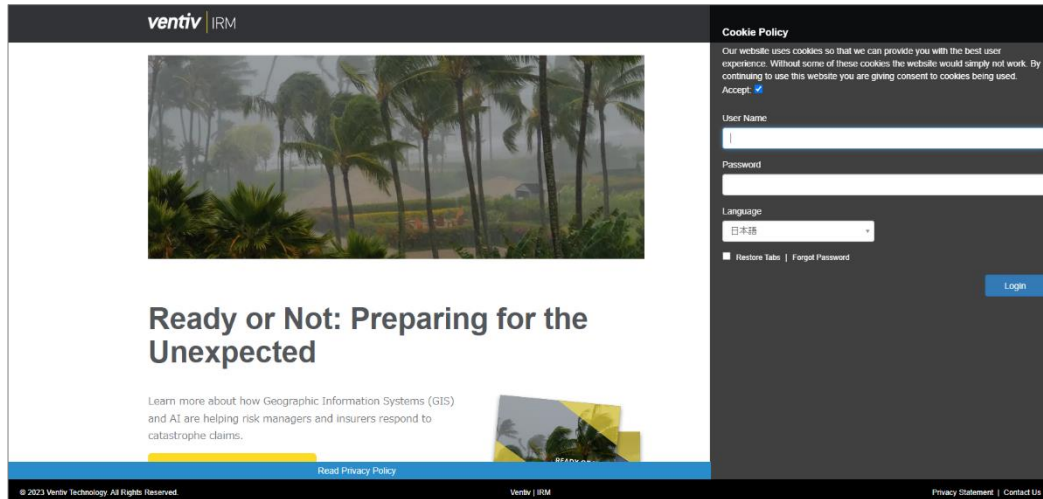

**Second Screenshot: Select a Security Question**  
The interface shows the same dropdown menu, but now with a text input field below it labeled "Enter your answer here.". A callout box points to the input field with the text: "Answer: enter 'fujikura'". A blue "Next" button is highlighted with a red box, and a callout box points to it with the text: "Click here after answer".

**Third Screenshot: Confirmation**  
The interface shows a confirmation message: "Your password and security question have been saved.". A blue "Close" button is highlighted with a red box, and a callout box points to it with the text: "Click here".

If you click on 'Close', you move to the login page.
